

Ladies Beginner

GOLF CLINIC

This clinic is designed for ladies who are totally new to golf - it will introduce you to every aspect of the game.

This clinic is different from any other beginners clinic in Sydney in that you get two experts for the price of one.

As there are two coaches, we can offer lots of individual attention. These clinics are very supportive, relaxed and fun, and a great opportunity to meet new friends.

Jack will teach you all the basics of golf

- Starting with the grip
- The correct golf posture
- The full swing
- Chipping and bunkers
- Putting

Trish will work on your body

- You will learn new drills to protect your spine
- Learn new drills to break down each component of the golf swing making it easier to understand
- You will also learn how to warm up properly before you go out and play
